

Education and Professional Standards Committee – Summary Minutes

Meeting	Education and Professional Standards Committee
Date held	Tuesday 2nd June 2026
Key points and decisions	EPSC held an interim meeting on Friday 1st May 2026 to: • Provide an update on the evidence for statutory registration due to be submitted to PSA as part of the RCT's re-accreditation process. • Discussed initial development of the IPEM Education and Career Framework for Clinical Technologists, including the aims of the document and the stakeholder engagement required. • Continue to review shortened routes to Chartered Scientist registration for those with HCPC registration. • Review and add to IPEM feedback on Scotland Education Skills and Competence Frameworks for Physical and Imaging/ Engineering Sciences. • Discuss and feedback on initial proposal for an RCT PET/CT Scope of Practice. • Approve name change of Advanced Radiotherapy e-Learning hosted on NHS England e-Learning platform to 'Fundamentals of Radiotherapy: Principles and Clinical Practice'. At EPSC's June meeting: • Continued to review IPEM's Education and Career Framework with an initial discussion on structure of document, and the inclusion of case studies. • Reviewed and approved IPEM's submission of evidence to PSA on the case for statutory registration for Clinical Technologists. • Reviewed action plan to confirm progress and updates. • Reviewed and provided feedback on initial proposal for an Ultrasound Physics Expert certification. • Reviewed the EFOMP-ESR Core Curriculum for MPEs working in Radiology. No further feedback at this time. • Reviewed collated feedback for DHSC consultation on non-medical use of DEXA. No further feedback at this time, and EPSC supported RP SIG's position. • Approved updated to IPEM Fellowship Guidance. • Received updates from IPEM Manager's, including an ongoing consultation for reviewing the Clinical Scientist Guided Training Scheme. • Received updates from reporting groups. • Discussed ongoing work to update the Clinical Scientific Computing Scope of Practice for the RCT. • Discussed a proposal to IPEM's Member Advisory and Prioritisation Council on developing portfolio templates for RCT's Equivalence route.
